NEMARA · STICKER & TAG SYSTEM · V1

Five ways to *sign* a piece.

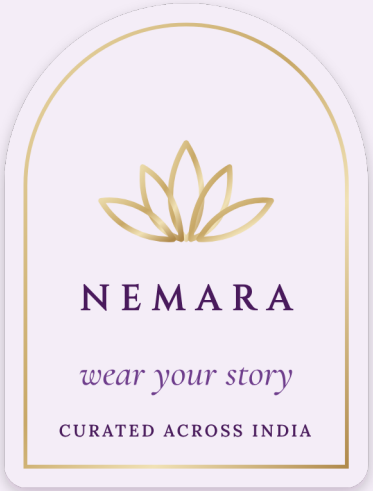

NEMARA

The Seal
Ø20 mm round

The Story Tag
32 × 20 mm

The Arch
24 × 32 mm die-cut

The Jewel Flag
56 × 10 mm wrap tag

The Margin Note
60 × 12 mm seal strip

OPTION 1 · Ø20 MM ROUND

The Seal

The signature.

Closes every pouch, gift box and envelope. The first thing she touches when the parcel arrives — it should feel like a wax seal, not a label.

- Ink-purple ground, hot-foil champagne gold
- Matte laminate so the foil reads against it
- One design · 88 per A4

actual size
(print at 100%)

NEMARA

Monsoon Hour Jhumka

Handpicked in Jaipur
Johari Bazaar

scan its story

OPTION 2 · 32 × 20 MM

The Story Tag

The piece, introduced.

Back of the box or the care card. The QR opens that exact piece — the market it came from, its story, the live try-on — and every scan lands in Studio as a visit (utm_source=tag), so you can see which pieces get scanned.

Ivory textured / felt label stock

Gold-foil wordmark; QR printed solid, never foiled

12 designs, one per product · 55 per A4

actual size
(print at 100%)

OPTION 3 · 56 × 10 MM WRAP TAG

The Jewel Flag

The one that goes on the jewellery.

Adhesive on plating or enamel leaves residue and can lift the finish. So the flag never touches the metal: the thin tail loops a hoop, chain or kada and the two pads stick to each other — lotus on the front, name and MRP on the back. Peels off clean in one pull.

1 · loop the tail round the wire
2 · press the pads together
3 · lotus front, price back

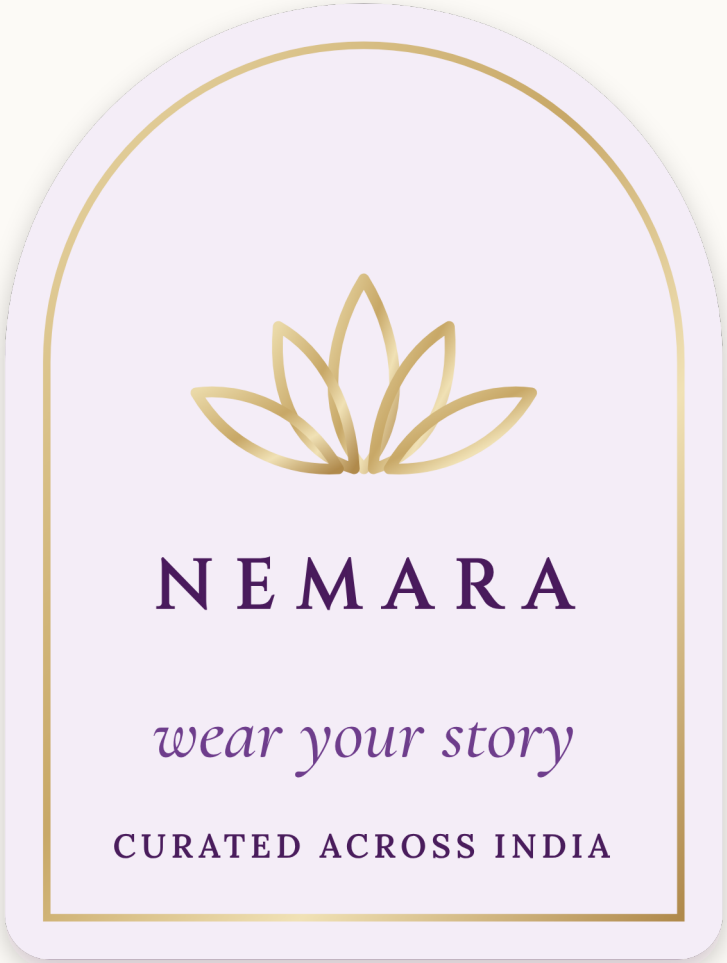

- White synthetic PP / vinyl, 80–100 µ — paper tails tear
- Permanent adhesive (sticks pad-to-pad), matte lam.
- 12 designs · 54 per A4

actual size
(print at 100%)

OPTION 4 · 24 × 32 MM DIE-CUT

The Arch

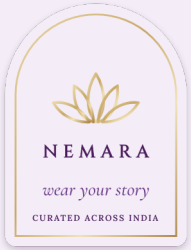

The gift.

Gift boxes, festive hampers and Circle-member birthday parcels. The arch is the website's frame made physical — the lotus in gold foil over the plum wordmark.

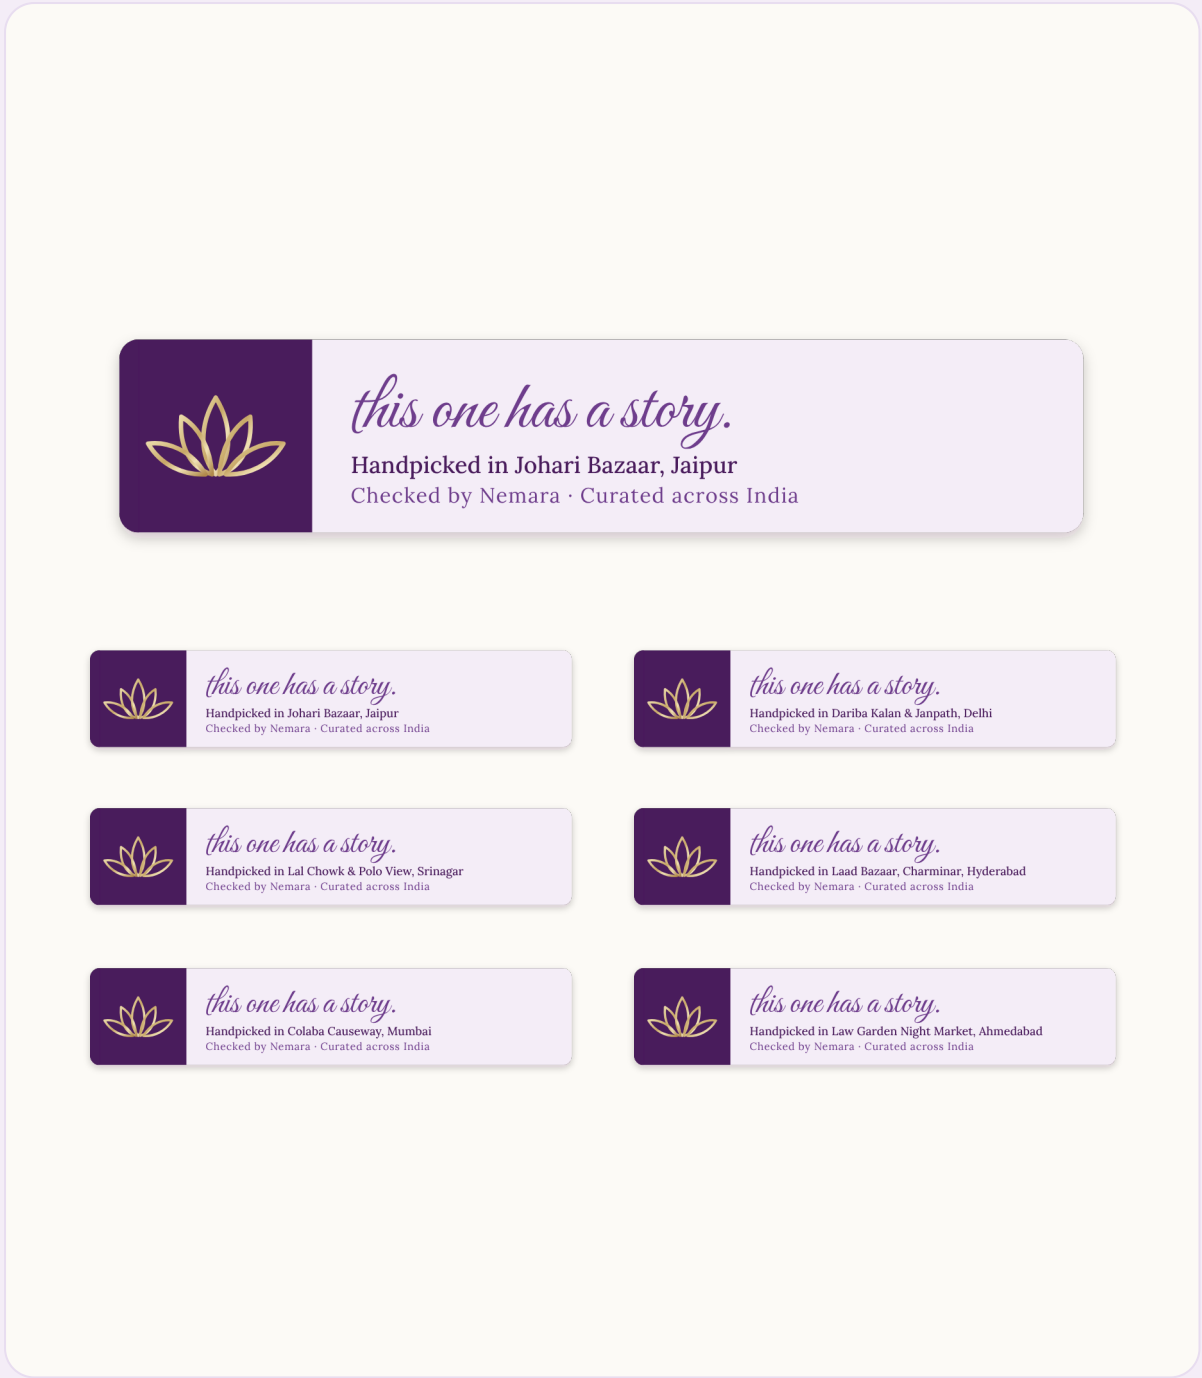

Pearl / shimmer lilac label stock

Gold-foil lotus and keyline, soft-touch lam.

One design · 42 per A4

actual size
(print at 100%)

OPTION 5 · 60 × 12 MM SEAL STRIP

The Margin Note

Where it came from.

Runs across the box seam or pouch flap. A handwritten line and the market the piece was handpicked in — the Nemara promise, sealed shut.

- Ivory uncoated stock (you can write on it)
- Removable adhesive — opens without tearing the box
- 6 market versions · 48 per A4

actual size
(print at 100%)

FOR THE PRINTER

Print specification

FILES: 01–05 *.PDF · EACH SHEET = ARTWORK / FOIL / DIE-CUT PAGES

OPTION	SIZE / SHAPE	STOCK	ADHESIVE	FINISH	DESIGNS × UP PER A4	STARTER QTY
1 · The Seal	Ø20 mm round	White semi-gloss or uncoated paper label	Permanent	Full ink ground (CMYK) + hot-foil gold, matte lam.	1 × 88	20 sheets (≈1760)
2 · The Story Tag	32 × 20 mm, r2 mm	Ivory / cream textured (felt) label	Permanent	CMYK + gold-foil wordmark. QR must stay CMYK black, no foil, no lam. gloss	12 × 55	1 sheet per product
3 · The Jewel Flag	56 × 10 mm barbell, 3 mm tail	White synthetic PP / vinyl, 80–100 µ (tear-proof)	Permanent — sticks pad-to-pad only	CMYK + gold foil, matte lam. Kiss-cut, fillets kept	12 × 54	1 sheet per product
4 · The Arch	24 × 32 mm arch	Pearl / shimmer lilac label	Permanent	CMYK + gold-foil lotus & keyline, soft-touch lam.	1 × 42	10 sheets (≈420)
5 · The Margin Note	60 × 12 mm, r1.2	Ivory uncoated (writable) label	Removable / peelable	CMYK + gold-foil lotus & rule	4 × 48	2 sheets per market

Colour & foil

- **Nemara Plum** #4A1A5C ≈ C73 M100 Y25 K30 · Pantone ~2627 C. Ask for a hard proof — purple drifts on press.
- Violet #6E3C8C ≈ C62 M86 Y8 K0 · Lilac paper #F4EDF7 ≈ C3 M7 Y0 K0
- **Foil:** matte/brushed champagne gold (not bright yellow-gold). Page 2 of each sheet is the foil plate, 100% K.
- Fine foil rules are ≥0.2 mm, foil type ≥4.5 pt. If the printer can't hold the Seal's ring text in foil, print it CMYK gold (C20 M28 Y55 K0) instead.

Cutting & checks

- Page 3 = die-line (magenta hairline). Kiss-cut on sheets; ask for a **half-cut backing split** so stickers peel fast at packing.
- 1.5 mm bleed on every background; text 1 mm inside the cut. Do not rescale.
- Story Tag QRs (29×29 modules, 0.41 mm each) — **scan-test one from every sheet** before the run.
- Jewel Flag: test-wrap on a hoop and a kada from the proof; synthetic stock only — paper tails tear.
- Fonts (OFL) in /fonts if prepress needs to edit; otherwise print the PDFs as supplied.
